Interdepartmental Memo

TO: Betty Merriman, Controller SUBJ: Additional Appropriation Request
FROM: John Freeman, Public Works DATE: May 6, 1982

We are requesting that additional funds be appropriated to Street Department as follows:

CUMULATIVE CAPITAL FUND:

04-03-00-2-0-233 Asphalt.....\$105,000

Due to the severe weather this past winter, it will be necessary to purchase salt and sand which the Street Department is not budgeted for. Since salt and sand may not be purchased with Cumulative Capital funds, we will have to use the asphalt money from LRS to make payment. It is therefore necessary that additional funds be appropriated for asphalt.

MVH FUND:

08-04-00-4-0-444 Equipment.....\$30,000

08-04-00-2-0-224 Repair Parts..... 4,000

08-04-00-3-0-341 Casualty Insurance... 2,604

TOTAL: \$36,604

In the 1982 budget there is \$16,000 for the purchase of a dump truck. We have found that this will not longer purchase a truck. We are requesting an additional \$30,000 so two dump trucks and one four-wheel drive pick-up may be purchased. The dump trucks will replace two 1972 trucks and a new pick-up is needed to relieve the shortage of vehicles for the staff.

Additional money is needed to replace equipment parts such as spreader boxes and snow plow mold boards. Due to the severe winter, the old equipment did not last as long as we had hoped.

Additional funds are also needed to pay casualty insurance. Actual billing was more than estimated at budget time last year.
